The lieutenant, consisting of six men, was read to Riel for trial. Only the court officers and counsel for the Crown were present. Riel looked healthy and quiet and has been in progress for the past two days.

HASTIA, July 11. The fact that among the 30 jurors on panel for the Riel trial there is not a single half-breed, will likely form a subject of discussion among active sympathizers with the rebels.

OTTAWA, July 9. A deputation from the Board of Trade of Montreal, Toronto and Hamilton, with Mr. McKinnon, president of the Board of Trade, called on Sir John Macdonald and Sir Alex. Campbell. Sir Alex. Campbell said that as the act repealed previous provisions of the legislature on that subject, disallowance would cause much confusion. LONDON.

LONDON, July 7.—The Russian press comments at considerable length upon the decision of the Order of the Bath, which has been conferred upon Sir Peter Lamsdown, and upon the reported intention of the British Government to appoint Sir Austin Layard as ambassador to Turkey. Both these actions are considered demonstrations against Russia, and the Czar's Government is urged by the press to demand the strongest guarantees from England with regard to Afghanistan. In well informed circles however, it is stated that the frontier negotiations continue smoothly on their former basis. The Salisbury Government met last night. Bradlaugh attempted to take his seat but was prevented.

LONDON, July 8.—In the House of Commons last night Sir Michael Hicks-Beach moved a resolution that the House should take precedence on Tuesdays and Wednesdays. The Government intended to proceed with the consideration of the federal council bill, Australia and East India bills, Irish educational endowment bill and others. Sir Michael said the Government was very anxious to deal with an important and hard bill, but it was impossible at this period of the session to pass this measure. If it met with the approval of the House, the Government had not intended to renew the Crimes Act. The Government did not intend to proceed with the Criminals' bill or other contentious bills, but it thought the medical relief disqualification bill ought to be dealt with, some portion of the criminal law amendment act would also become law this session if the House granted time for their discussion.

A telegram from Afghanistan reports that there is extreme dissatisfaction there against the American rule among the officers. It is stated that the officers are ready and willing to join Russia. Ismail Khan, governor of Afghan-Turkistan, is agreed treaty with the Russians and it is asserted that in this course he had the sanction of the British Government. The Russian troops are moving towards Merv and Maimana. A detachment from Tashkent by way of St. Petersburg, states that the Russians are sending a field hospital to trans-Caspian territory. Indian officers state that there are persistent rumors of a rising in Afghanistan and Turkistan, and the altered track of the Khan is confirmed by later reports.

LONDON, July 10. The Marquis of Salisbury, replying to a letter from Glasgow asking his views on the proposed disestablishment of the Church of Scotland, said he was opposed to the movement. The established church secured to poor as well as to rich districts, that regular ministrations of religion which, he said, was so necessary to the public welfare.

LONDON, July 10. Proceedings are being taken against the Pall Mall Gazette for recent disclosures regarding criminal practice in London.

LONDON, July 12.—Mr. Gladstone will visit the government and give a pledge to take up the Crofters' bill this session.

Brooks, commanding in Northern Montana, has received information from the Canadian authorities that 25 lodges of the Crow Indians, under a son of Big Bear, are going towards the boundary.
